**Please find below and/or attached an Office communication concerning this application or proceeding.**

**Commissioner for Patents**

The amendment filed on March 7, 2003 containing a sequence listing in both computer readable form and paper copy renders the instant application incomplete because said copies do not match despite Applicant's statement to that fact (see attached copy). The paper copy describes 12 sequences (see attached copy) while the computer readable form contains only 2 sequences (see attached first page of the "Raw Sequence Listing", <160>). Applicant must comply with the requirements of the sequence rules (37 C.F.R. ' 1.821 - 1.825) before the application can be examined further under 35 U.S.C. § 131 and 132.

Since the reply appears to be bona fide attempt to comply with the requirements of the sequence rules (37 C.F.R. ' 1.821 - 1.825), applicant is given a TIME PERIOD of ONE (1) MONTH from the mailing date of this communication within which to correct the deficiency so as to comply with the sequence rules (37 C.F.R. ' 1.821 - 1.825) in order to avoid abandonment of the application under 37 C.F.R. ' 1.821(g). EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 C.F.R. ' 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kathleen M Kerr whose telephone number is (571) 272-0931. The examiner can normally be reached on Monday through Friday, from 9:00am to 6pm. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ponnathupura Achutamurthy can be reached on (571) 272-0928. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
